

MEMORANDUM

*Frank* 5/13/04

Date: 5/12/04  
To: Department Chairs  
From: Amy Hammett, University Registrar  
Subject: Spring 2005 Schedule of Classes Materials

Enclosed are documents necessary for preparation of the Spring 2005 Schedule of Classes.

**SPECIAL REMINDER:** Starting with Fall 2004 there will be a new University Community Hour on Fridays from 12:30pm-1:45pm into which no courses or exams may be scheduled. The changes are as follows:

Courses currently taught at:	Should be moved to:
MWF 12:30p-1:20p	MW 12:30p-1:45p
MWF 1:30p-2:20p	MWF 2:00p-2:50p
MWF 2:30p-3:20p	MWF 3:00p-3:50p
MWF 3:30p-4:20p	MWF 3:00p-3:50p

Please edit any course times that do not fall within official time scheduling guidelines. **Courses offered to undergraduate students (and to students in the school of Graduate Studies) that do not fall within the official time scheduling guidelines must have special approval from the Dean's Office in which the course resides.** Courses scheduled in regular teaching blocks receive priority for classroom assignment. The Registrar's Office cannot guarantee classrooms will be available for courses scheduled at non-standard times.

Also, please make sure that your department's offerings represent 50 minutes of class time per week for each credit hour offered. In other words, each 3-credit class should meet a minimum of 150 minutes per week, each 4-credit class should meet a minimum of 200 minutes per week, etc. Also, scheduling of classes outside of the normal teaching blocks requires permission of the Provost.

The following items should be enclosed:

- 1) Printouts for courses taught in your department last spring (\*see next page for key to headings).
  - 2) A blank course scheduling worksheet grid showing approved standard meeting times.
  - 3) Course section addition forms for use in adding sections not shown on printout.
- These documents were prepared based on offerings from last year. Therefore, they may not contain sections for courses that have been approved or changed since that time. **Please be sure to add sections for courses that have been added or changed since last year.**
  - If you would like to draw attention to a particular course in your department, add "SEMESTER SPOTLIGHT" as a comment to the section. (If this designation already appears and if it is no longer required, cross it off.)
  - Please check with your instructors and note any special classroom features needed such as multimedia projectors. If you would like to see some of the technology features currently available in classrooms, please see the web site at: <http://www.cwru.edu/its/itac/tec/>.

# MEMORANDUM
