

MEMORANDUM

Date: 02/17/03
To: Department Chairs
From: Amy Hammett, University Registrar
Subject: Summer and Fall 2003 Schedule of Classes Information

RECEIVED

FEB 20 2003

Chairman's Office

Enclosed are proofreading materials for course information to be published in the Summer and Fall 2003 Schedule of Classes. Please check these documents carefully. **Documents with changes should be sent to respective deans or management centers for approval and not directly to the Registrar's Office.**

- If your department has courses which do not meet the class/time guidelines of the University, and you have not received previous approval, we will be forced to list them as "TBA" and will not be able to assign classroom space to them. **Courses designated to be listed as "TBA" must have a first day meeting date/time/place.**
- Please remember that any changes to course numbers, titles, credit hours, lecture/lab hours, pre-requisites, co-requisites and crosslistings must have appropriate approvals from curriculum committees and/or deans.
- Independent study courses should require permits if prior permission is required.
- Include (directly on the documents) the name and telephone number of the person checking these documents.
- **Room assignments are not finalized.** We are counting on your assistance in communicating with your instructors to find out any special room needs or requests. **Preferences should be listed directly on the proofreading document.**
- When adding a new instructor, please be sure to include full name and social security number. Ph.D. students must have prior approval to be listed as instructor of record.
- Please check the web after February 17th, for the most recent updates.
(<http://www.cwru.edu/courses/catalog/>)

All corrections must be sent to us by **4:00 p.m., Friday, February 21, 2003.** You may send documents to Yost Hall, Rm 105, or may fax information to x4633.
