

7/19 C: Murch
Frank

Date: 02/16/04
To: Department Chairs
From: Amy Hammett, University Registrar
Subject: **Summer and Fall 2004** Schedule of Classes Information

Enclosed are proofreading materials for course information to be published in the Summer and Fall 2004 Schedule of Classes. Please check these documents carefully. **Documents with changes should be sent to respective deans or management centers for approval and not directly to the Registrar's Office.**

- If your department has courses which do not meet the class/time guidelines of the University, and you have not received previous approval, we will be forced to list them as "TBA" and will not be able to assign classroom space to them. **Courses designated to be listed as "TBA" must have a first day meeting date/time/place listed as a course comment.**
- Please remember that any changes to course numbers, titles, credit hours, lecture/lab hours, pre-requisites, co-requisites and crosslistings must have appropriate approvals from curriculum committees and/or deans.
- Independent study courses should require permits if prior permission is required.
- Include (directly on the documents) the name and telephone number of the person checking these documents.
- **Room assignments are not finalized.** We are counting on your assistance in communicating with your instructors to find out any special room needs or requests particularly for the **Technology Enhanced Classrooms**. Preferences should be listed directly on the proofreading document.
- New instructors and Ph.D. students that will have teaching assignments cannot be listed without **prior approval verification** from the Dean's office and full name and Social Security number sent to the Registrar's Office for database entry.
- Please check the web after February 16th for the most recent updates.
(<http://www.cwru.edu/courses/catalog/>)

→ All corrections must be sent to us by **4:00 p.m., Friday, February 20th, 2004**. You may send documents to Yost Hall, Rm 105, or may fax information to x4633.
